

Updated Model Water Efficient Landscape Ordinance

The Department of Water Resources will hold public hearings on March 25 and 27 to allow public participation in the update of the Model Water Efficient Landscape Ordinance.

Assembly Bill 1881 (2006) requires DWR to update the model ordinance not later than January 1, 2009. AB 1881 also requires local agencies to adopt the updated model ordinance or equivalent by January 1, 2010, or the proposed update will be automatically adopted by statute. The updated Model Water Efficient Landscape Ordinance and related documents were submitted to the Office of Administrative Law and are available online at www.owue.water.ca.gov/landscape/ord/ord.cfm
